WhatsOn is an online platform designed to bring together relevant stakeholders in the fight against transnational organized crime and corruption, including non-governmental organizations, academia and the private sector. Does your organization work to combat and prevent crime or corruption? [Register now](#). Is your organization working on combating illegal use of drugs? Please visit the [NGO Marketplace](#).

# Registration on WhatsOn - Multi-Stakeholder platform

WhatsOn is a secure space for the involvement of non-governmental stakeholders, enabling networking, information sharing and interaction in order to foster partnership and amplify action of stakeholders against organised crime.

In June 2022, WhatsOn launched Phase II. From now on the stakeholders can independently register their organisations. In this guide we explain how the new registration process works.

The organisations that are already members on WhatsOn can register, and edit the details that were previously filled.

# Benefits of WhatsOn - Multi-Stakeholder platform

There are numerous benefits of becoming a registered member of WhatsOn platform:

- Networking opportunities with other stakeholders through contact information;
- News / information sharing with other members;
- Opportunity to be featured with Impact Story from your organisation;
- Foster partnerships with other stakeholders;

# Let's start!

Go to website <https://whatson.unodc.org/>  
At the top bar click on 'Register' and follow further

- In order to register for WhatsOn, please click on the login link on the top right, which will bring up a login form.
- On the login form there is a link to register a new account.
- After that, follow the instructions on the screen.
- Please be aware that WhatsOn requires multi-factor authentication. You will need a mobile device capable of installing freeOTP or Google authenticator for the one-time-password generation.
